

January 2021

2021 Dues & Cart Fees

There will be no changes to our golf membership dues structure for 2021. Fitness & Pool Only Membership rates will be published later this spring. We will be having a \$2 increase to all 18 hole cart fees beginning on February 1st. Nine Hole cart fees will increase \$1.

Cart Paths

The repaving of our cart paths has resumed following the holidays. While we had the front nine closed we decided to go ahead and replace the deteriorating pipes under the bridge on number three. This has temporarily stopped paving on the front nine and we have begun work on the back nine. During the repaving process we will also be adding personal cart parking over by the pool and a parking area beside the driving range. We are expecting all of the work to be complete the week of January 18th.

Pool and Fitness Building

Work on our new pool and fitness building is moving along nicely. The plumbing has been installed and the foundation has been poured. Framing of the building will begin the week of January 11th. If we can avoid any COVID-19 related delays we should have the building completed for pool season in early May. The new building will include a snack bar and catering kitchen, covered event space, restrooms, and two fitness rooms with all new equipment. We are very excited for this huge upgrade to our amenities!!

New Golf Carts

The delivery of our new golf carts has been rescheduled to the week of January 18th. Club car has been experiencing delays in getting parts due to COVID-19. There have been a lot of inquiries as to whether members will still be allowed to use their own golf carts since the new carts will have cart control. We have decided to continue to allow the use of personal carts by members so long as they abide by the cart rules. We will revoke this privilege from any individual who fails to comply. Protecting and improving the course is the number one reason that we have decided to move forward with GPS.
