Upcoming Projects

The next few months will be busy with multiple projects. Tree work will continue with a focus on holes 4-7. We will be working to open up the areas around the tees and greens to give the grass as much sunlight as possible. The construction of the green tees on the back nine along with the leveling and sodding of a few other tees will begin around the second week of June. Greens aeration is scheduled for June 3rd and 4th along with parking lot sealing and striping.

Course Closure for Aeration & Parking Lot Repairs

We normally only close nine holes per day in order to perform our greens aeration. This year, we are scheduled to have the entire course closed on June 3rd as we also will be sealing the parking lots and the area around the clubhouse. We will be unable to put vehicle or cart traffic on the treated area until the following day, so we will have no way to move carts to and from the course. This will also allow the maintenance staff to move forward with the aeration in one day and help to speed up the healing process.

Club Championship Rescheduled

Due to the number of members who will be volunteering and going to the Women's US Open at the Country Club of Charleston, we have decided to reschedule our Club Championship to November 9th & 10th.

Friday Night Scrambles

Summer is around the corner and that means it's time for Friday Night Scrambles. This popular event will begin this year on May 18th and will be held every other Friday evening @ 6:00pm throughout the summer months. The Friday Night Scramble is a 9-hole handicapped Captain's Choice event. It's open to any member, employee, or guest of a member. Couples or teams are allowed to sign up together, or we will pair you up. This is a great way to meet new members, or simply play with members you never play with. After the round is over, the fun always continues in the lounge. To sign up, simply call the Pro Shop or sign up in the Member Group Book.
